

John Weber - Realtor

Description:

Born & raised in the "service industry" my history of serving the public got started in 1963 when my father started serving hamburgers at Webers on Highway # 11 north of Orillia.

Since then, the Webers name has become synonymous with quality & service. The hard work ethic and high level of customer service has now led me to a career in Real Estate with Royal LePage First Contact in Barrie.

As your Barrie Real Estate Professional I would like to assure you that I can help you not only find that dream home but list and SELL your current home quickly.
